"Training Native Preachers & Pastors for The Glory of God"

What A Month...!!

This has been one of those encouraging months in our lives. Everywhere we turned and in everything we did we saw and experienced the encouragement of the Lord, and the encouragement of the Saints.

We began the month in San Jose, Costa Rica and then traveled the length and breadth of the state of Mississippi. We attended 3 Bible Conferences and 1 Pastor's Conference, and were in 10 churches. What a great month!

Real Living By Faith

Dr. Gray Allison says that we should "claim God's promise of deliverance from fear". My father used to say that most people never witness for the Lord or win anyone to Christ because of fear. If we only knew what was in the future 10 minutes from now we would have no fear - that extends to 1 hour, and 1 day, and 1 year etc. But we do know that One who knows the future for all those time increments. Real Living By Faith is simply trusting the One who knows the future and lives in eternity. I went to a place of business the other day intending to witness to a lady I had been trying to win to the Lord for several years. What was upsetting was: (1) she was not there and another person was there and (2) after getting home the realization that God had the second person there who needed the Lord just as much as the the first lady. Sure missed that one! But it did prove one thing- we don't have to live in fear or worry over wrong timing if we simply walk by faith. Knowing and walking takes all the fear out of living for Jesus, and better yet, He is more interested in bestowing grace on us for living than we are in receiving grace for living. Sooooo, know and walk and live in His grace today as He lives His life through you and see how He does the work of lining up people to hear the gospel. We don't have to strain and strive and line up time tables and intimidate people to be a witness and obey God, but just be obedient to His time table. That's without doubt a fear killer!

The Best way to multiply your witnessing and soul-winning is to train Pastors to train their people in witnessing and soul-winning!
