THE TRIP TO GHANA AFRICA

We had the blessed privilege of spending 7 days in Africa with Bro. Buddy Baehr and Bro. Winfred Baker from Trinity Baptist Church in Louisiana. Preached 2 times in local churches, preached the commencement for the local Bible Institute, taught in 2 Bible Institutes and got very sick. It is 25 hours of flying time each way and then several hours travel up country. I met men of God who are “doing the job” by starting and building churches. We graduated 18 preachers who have taken on the task of turning Ghana to the Lord. Several of these men are former Muslims who are going back to their villages to win souls and start churches. My heart was encouraged for the work, blessed by the testimonies of these graduates, and thrilled to see what God is doing in other parts of the world. It was hot! I thought I knew hot from Central America but this was hot! Got sick from bed bugs (they are different there) with an infection that put me in the hospital (about the same as our hospitals in the 1950’s in the U.S.) for a day. But, the grace of God far outweighed the problems of travel, heat, and sickness. I learned what a “real” egg sandwich really was, met 2 pastors who have started over 70 churches, met Christians who are committed to making a difference in their world & are seeking to win their loved ones, neighbors and others to the Lord, and heard some of the greatest singing from the heart anywhere in the world. What a blessing!

Costa Rica

Please pray as we go to the Pastor's Conference in Guanacaste, Costa Rica, November 7-9 and meet with the pastors of the area to plan the implementation of this work in early 2007. There are at least 40 pastors that need help and maybe as many as 70. Most of these men have no opportunity for a Bible education and are begging God for someone to come and teach them the Word of God. The funds & work needed to begin these Institutes are great but we see the tremendous needs and the grace of God to meet those needs.
